SUBJECT INDEX

10-Ketosteraric acid, biosynthesis, oleic acid, biodegradation, *Flavobacterium* 643
12-Hydroxyoctadecanoic acid, conversion, *Bacillus,* dihydroxy fatty acid, synthesis 2591
2T,6c-nonadienal, oxidation, drinking water, treatment 560
Abattoirs
air pollution, fungi, spores 3382
beef, contamination, fungi 1114
equipment, contamination, fungi 1114
poultry, waste water, *Campylobacter* 2966
waste water, nutrients, removal, biological treatment, ponds, bioreactors, anaerobic conditions 792
waste water treatment 2830
Acacia mangium, timbers, infestation, insect pests 3364
Acacia mearnsii, bark, biodegradation, wood destroying fungi, polyurethanes, production 2780
Acacia saligna, plant residues, sewage sludge, composting, Tunisia 1403
Acacia sinuata, contamination, *Aspergillus flavus,* aflatoxins, India 2156
Acetamide, biodegradation, methane production, methanotrophic bacteria 1600
Acetate
anaerobic treatment, bioreactors, thermophilic bacteria, temperature, effects 1370
biodegradation, bioreactors, anaerobic treatment, temperature, effects 403
fermentation, *Methanosarcina thermophila,* oxidoreductases, characterization 501
inhibition, xylose, biodegradation, *Lactococcus lactis* 1674
production, xylose, biodegradation, *Lactococcus lactis* 1674
supply, rates, bioremediation, microorganisms, activity, kinetics 3394
Acetic acid
adsorption, waste water treatment, bioreactors, anaerobic conditions 321
anaerobic treatment, sulfate, effects 324
availability, benzoate, utilization, regulation, bacteria, anaerobes 2636

LIST OF SERIALS ABSTRACTED

Listed below are the titles of the serial publications (excluding most annual reports and conference proceedings) abstracted during 1996 for this journal.
Many other serials were scanned during 1996 but no relevant articles were selected. A full list of all the serials scanned for items suitable for abstracting for the CAB ABSTRACTS database and the whole range of CABI's abstract journals is given in the *CAB International Serials Checklist, 1995 edition.* The publication includes ISSNs and publishers' addresses.

INFORMATION SERVICES AND PUBLICATIONS

Over 100 scientists/linguists in CABI's Information Services at Wallingford, UK, with help from associated organizations and individuals worldwide, abstract and index the significant research and development literature in agriculture, forestry, aspects of human health, and allied disciplines. Over 12,000 serials and many other publications are scanned, and over 160,000 bibliographic records are compiled each year for input to CABI's main databases, CAB ABSTRACTS and CAB HEALTH. In addition, a current awareness service, CAB ACCESS, provides fast, unrivalled access to the key literature in agriculture and bioscience.

Both CAB ABSTRACTS and CAB HEALTH are available on-line, and a wide range of information products are derived from them.

ABSTRACT JOURNALS

Printed journals covering broad disciplines as well as specialist interests. Some journals also contain news and other information including review articles. Also available on floppy disk.

CD-ROM

CAB ABSTRACTS on Compact Disc, the CABCD, available back to 1973.

CAB HEALTH – available back to 1973.

CAB SPECTRUM – 10 subject-specific discs containing at least 20 years of information on each of the major disciplines.

CAB COLLECTION – titles combining data from CAB ABSTRACTS with complimentary information from other sources.

MAGNETIC TAPES

Organizations with access to mini or mainframe computers may lease all or part of the CAB ABSTRACTS database.

CAB PROFILES

Personalized current awareness profiles based on the most recent input to the database, tailored to individual needs.

ANNOTATED BIBLIOGRAPHIES

Printed or electronic compilations on specific topics

CAB ALERTS

A monthly current awareness service providing subscribers with the search results from standard profiles.

DOCUMENT DELIVERY SERVICE

Photocopies of originals of most articles included in the database are available from CABI Library Services, Silwood Park, Ascot, Berks SL5 7TA, UK.

In addition to database products, CABI publishes authoritative reference books, directories, primary journals and serial publications.

PRIMARY JOURNALS

Bulletin of Entomological Research, Seed Science Research, Journal of Helminthology, Soil Use and Management, Outlook on Agriculture and *Meat Focus International.*

NEWSLETTERS

Authoritative, accurate and up-to-date synopses of current topics reflected in the international media as well as the technical, scientific and medical press.

SERIAL PUBLICATIONS

Index of Current Research on Pigs, Distribution Maps of Pests, Distribution Maps of Plant Diseases, Bibliography of Systematic Mycology, Descriptions of Pathogenic Fungi & Bacteria, Index of Fungi and *Systema Ascomycetum.*

BOOKS

CABI has an active book publishing programme and publishes over 60 new titles every year, some of which are available in electronic form.

Scientific software and reference tools

ANI-CD – An authority file containing approximately 110,000 arthropod names with preferred terms, synonyms, common names, taxonomic positions and bibliographic references.

CABIKEY – An interactive diagnostic key for the identification of insects and other organisms. The first CABIKEY application covers major beetle families.

The Organization

CAB INTERNATIONAL (CABI) is an international, intergovernmental organization established in 1928. It is owned by its member governments, which currently number 40. The organization is largely self-supporting, through the sale of its products and services, and other sources of income.

CABI is dedicated to improving human welfare worldwide through the dissemination, application and generation of scientific knowledge in support of sustainable development, with emphasis on agriculture, forestry, human health and the management of natural resources, and with particular attention to the needs of developing countries.

Information Services

Scientific and technical information services are provided, derived principally from bibliographic databases built by CABI staff from the world's relevant published literature, with assistance from freelance workers and contracted organizations.

CABI's main databases, CAB ABSTRACTS and CAB HEALTH cover:

agriculture – forestry and forest products – field crops – grasslands – horticulture – crop protection – plant and animal breeding – veterinary science – leisure, recreation and tourism – rural sociology and development – environmental sciences – soils, land and water management – biotechnology – human and animal nutrition – human and animal parasitology – public health – communicable diseases – AIDS – tropical diseases – community health.

Outputs from these databases are distributed in printed form, and in electronic form on diskette, CD-ROM (Compact Disc) and magnetic tape. On-line access is provided by commercial database vendors. These products and services are used by research scientists, teachers and students in higher education, development, planners, health workers, and other professionals. Copies of source documents are available through CABI's Document Delivery Service.

In addition to publishing information from the databases, CABI also publishes books, primary journals, newsletters and training manuals in all subject areas within the remit of the organization.

Research and development is undertaken in innovative information systems. Training in information management is offered, especially for developing countries. Advice and practical assistance are given in the design and implementation of science-based information systems, and in the use of modern information technology. Where necessary, partnerships with development assistance agencies are sought to help developing countries acquire the products and services they need.

For further details of all CABI's information products and services see inside back cover.

Scientific Services

CABI's scientific services are centred on its four institutes.

International Institute of Entomology
56 Queen's Gate, London, SW7 5JR, UK,
and in the Natural History Museum

International Institute of Parasitology
395a Hatfield Road, St Albans,
Herts AL4 0XU, UK

International Mycological Institute
Bakeham Lane, Egham, Surrey TW20 9TY, UK

International Institute of Biological Control
Silwood Park, Buckhurst Road, Ascot,
Berks SL5 7TA, UK,
with field stations in Trinidad & Tobago,
Switzerland, Pakistan, Malaysia and Kenya.

The services provided include:

- authoritative identification of crop pests and pathogens, and parasitic helminths
- survey and diagnosis of plant health problems
- support for integrated pest management and biological control
- biosystematic research on arthropods, micro-organisms, nematodes and helminths
- diagnosis of biodeterioration problems for industry
- research on human mycoses and tropical parasitic diseases
- training, consultancy and advice in all these areas

CABI also provides the Technical Secretariat of the Consultative Group for BioNET INTERNATIONAL, an international cooperative endeavour dedicated to the development of effective biosystematic capabilities and services in developing countries.
